### About Penn-Mar

In 1981, a group of parents decided to develop a program of meaningful activities for their adult children that would impact their lives in ways beyond measure. In its first year, Penn-Mar served 12 young men and women on a budget of less than \$2,000 a year. This was the foundation of Penn-Mar Human Services.

This year we proudly celebrate 43 years of providing transformational programs and services to people with intellectual and developmental disabilities, and life-enhancing support to their families, to our team, and to our community. We have multiple Day Learning locations in Maryland and Pennsylvania, along with nearly 60 residential homes, and serve 400 people daily with an annual budget of over \$50,000,000. We also support over 50 people with disabilities in community-based jobs.

Penn-Mar continues to serve our founders' vision to provide the best supports to people with disabilities so that they may Live Courageously, experiencing a vibrant, active lifestyle and embracing all their communities have to offer. In our person-centered culture, we come alongside a person on their life journey and provide support to help them to live their best life.
